### SKILLS

JavaScript | TypeScript | Next.js | React.js | Redux | Jest | Vue.js | React Native | Sass —  
Css Module | Postman | REST API | GraphQL | tRPC | SaaS | Figma | Storybook | Photoshop

### PROFILE

I graduated with a degree in Computer Science. I have been interested in the Frontend for about 5 years. I have more than 3 years of work experience. I am generally interested in the JavaScript ecosystem. I have used many Frontend technologies such as React, Next.js, React Native, Vue, Storybook... I try to be involved in many open source projects and I do my best to create my own open source projects. I feel knowledgeable about design interpretation because of the graphic design field I used to freelance in. My biggest wish is to improve myself and enjoy what I do. I'm available for relocation.
